Take these words of love
And turn them into action
Hey there lady, I can feel our deeper attraction, oho

Take this heart of mine
And make it yours to keep
It's your gift to waiting, it's your cherry treat

I, carry on, carry on,
Right next to you
When you're gone, when you're gone
I'll be right next to you
2 hearts strong together
No one can undo
Shining like forever no one else but youuuuuu

I, carry on, carry on,
Right next to you
When you're gone, when you're gone
I'll be right next to you
Right next to you

Get through, patiently waiting
Heart still here, counting down the days
You can stop this

Take these words of love
And turn them into action
Hey there lady, I can feel our deeper attraction, oho

I, carry on, carry on,
Right next to you
When you're gone, when you're gone
I'll be right next to you
Right next to you
I, carry on, carry on,
Right next to you
When you're gone, when you're gone
I'll be right next to you
Right next to you.
