Walking on the beach together
The wind is playing in your hair.
I get aware, Baby, you and me.
We are really close to perfect.
Feel the rhythm of the heat.
Lay down in the burning sand
You, I understand
When our passion grows
Listen to my words
Don't need nothing else but you.

Girl, you make me crazy
Every time that you're around
Girl, you make me crazy
It's time to feel good and to be, to be free
Girl, you make me crazy
Every time that you're around
Girl, you make me crazy
It is time to feel good and to be, to be free.

Take a bath in fresh cool water
Pearly drops caress your skin.
You're like a sin
More than I can bear.
You look nothing less than perfect.
Synchronicity of two hearts
Makes this day a unique day
Let's start to play
Anything you want
Listen to my words
Don't need nothing else but you.
