Taken my bags  
Get out into the night.  
Spend the whole day screwing up,  
Rain on my skin,  
Linger through the street  
Someone tells me a story  
I don't get a word he says  
I'm so confused.  
Don't even know what I really need.

Only step by step,  
I face the fact,  
Painfully back from the dream we had.  
I still can figure out your reasons.  
Don't let our memories fade away.  
Only step by step,  
I face the fact.  
But anyway  
Don't let our memories fade away.

So I know  
While going back home,  
There will be times of anger and pain.

I'll guess it takes a while,  
Until I'm prepared to see you again.  
Wish, someone to guide,  
Somebody to join your way.  
Something special to take, take care of you.  
I'm still so confused,  
Believe in me,  
Don't even know Baby, even know what I really need.

Only step by step,  
I face the fact,  
Painfully back from the dream we had.  
I still can figure out your reasons.  
Don't let our memories fade away.  
Only step by step,  
I face the fact.  
But anyway

Don't let our memories fade away.
