[1. Strophe]

Snow falls so peacefully around
You hold me in your arms, so soft and warm
We see the guiding star, to lead us through the night
And a little child is born, makes us feel alright
Love and Harmony is found

[Refrain]

I'm waiting here for peace of Christmas time
I'm waiting for the child deep in my mind
I'm waiting here for love to ease my pain
I'm waiting here to feel alright again

And I can feel a change is gonna come
And I can't make my old mistakes undone
But I can feel I'll live a better life
I can feel it's Christmas Time, again

[2. Strophe]

Our hearts beat, entangled and entwined
I promise you my love, that I will try
It won't be easy, I do it all for you
Together we withstand all odds, find a way to live
And all we need is time, my girl

[Refrain]

I'm waiting here for peace of Christmas time
I'm waiting for the child deep in my mind
I'm waiting here for love to ease my pain
I'm waiting here to feel alright again

And I can feel a change is gonna come
And I can't make my old mistakes undone
But I can feel I'll live a better life
I can feel it's Christmas Time, again

And Jesus Christ gives my life a reason, baby

He's gods son, Christmas time again
