Listen to me from deep down inside
I'm the madness that just will not die
With no regret for what I do for you
Before the night is over you'll be crawlin' to...me

Call me when you're weak
For me you'll lie and cheat
You'll never get away
With me you're here to stay

Listen DT can't you see just stay with me and you'll be
free
Even as I soothe your soul I'll tear you down and make
you old
You'll just keep on coming back to buy another nickel-
sack
Twelve o'clock time to greet
Agony and ecstasy

Ecstasy

I'm the cries from within
When the day begins
You know you follow me like sheep
This shepherd never sleeps
Tell me what's your price
Come skate on my ice
My blades they never rust
I'm asking you to trust

Listen now the time is right and what a way to start the
night
Spend your money endlessly and now the crime is
sanity
So DT this is the plan I'll make your brain a rubber band
Time to stretch it a degree
Agony and ecstasy

Ecstasy, ecstasy, ecstasy, ecstasy

Feel my whisper through your haze of pain
Hear the callin' of the neon vein

See my name upon your soul's marquis
I am agony and ecstasy

Just remember: if you ever need me I'm here
