[Bonus Track]

[Music and Lyrics by Jon Oliva]

[verse 1]

Desiree, listen to your heart  
Have the dreams all been scattered  
Or are the words just parts

Cos' in these ruins alone  
I've been watching you  
A ghost among these stones  
Desiree I've got to tell you

[chorus 1]

What goods a tear without a face  
To suffer its downward fall from grace  
and Across my heart, Desiree I wish you'd see...

Scars are the wounds that we all show  
Time only heals if you let go  
If your letting go, Desiree I wish yo'd think of...

[verse 2]

If you only take chances, when every angle is safe  
Have partnerless dances, and castles where you wait  
But I see far away, a distance in your eye  
As you go on alone, piling up your alabis

[chorus 1]

What goods a tear without a face  
To suffer its downward fall from grace  
and Across my heart, Desiree I wish you'd see...

Scars are the wounds that we all show  
Time only heals if you let go  
If your letting go, Desiree I wish you'd think of...

[sub-chorus 1]

Lost in a movie script, with no words left to say  
You leave on that plane alone  
And there inside a midnight fog

Turn and walk away...

[chorus 2]

What goods a tear that falls from grace

What goods a life that leaves no trace

When its time is done, Desiree I wish you'd see...

Who needs a heart that never bleeds

Never retreats and never needs

If its all alone, Desiree I wish you'd think of...me
