A call from the night  
Metal storming masses  
In the lies  
Battle cry  
Screaming to the night  
Oh no  
Summon up the legions  
To do our deeds  
Our legion's needs  
Are growing every day

We're coming out tonight  
We come from the darker light  
Join your hands and pray  
Maybe you can all be saved

Legions of the night  
Legions of the night  
Good god  
Legions of the night  
Can they hear your battle cry

Cry out  
But what does it matter?  
There's no way to escape  
The hold we have on you  
Ohh ho  
Controlled by the master  
Infiltrate  
Penetrate  
Your little precious minds

We're coming out tonight  
We come from the darker light  
Join your hands and pray  
Maybe you can all be saved

Legions of the night  
Legions of the night  
Good god  
Legions of the night  
Can they hear your battle cry

Scream loud  
Let the masses hear you  
Banging hard across the ground  
Shatter the darkest lights  
Oh no  
Heed the master's calling  
Congregate  
Celebrate  
The power you've obtained

Good god  
Legions of the night  
Legions of the night  
Good god  
Can I hear your battle cry, yeah
