Day

Into night

Into day

Into I don't know you anymore

But I stand

Where you say

Thinking all the time you planned it

You've been gone away too long

Leaving us to carry on

Though in truth you never tried

Just stepped back and watched the slide

Paragons of innocence

Questioning of your intent

Never quite sure what you meant

From the other side

Moments on the carousel

Must admit we ride it well

And the horses never tell

All throughout the ride

That no one leaves

No one leaves

No one leaves...

Alive

Time

On my hands

Slips away

Till I just don't feel it anymore

Thinking back

When I can

To the time when it began with

Bits of dreams all in a line

And somehow we missed the signs

That it all was never real

And in truth a fatal deal

Paragons of innocence

Questioning of your intent

Never quite sure what you meant

From the other side

Moments on the carousel

Must admit we ride it well

And the horses never tell

All throughout the ride
No one leaves
No one leaves
No one leaves...
Alive
There always comes a time
When you do what you want to do
You know you shouldn't do it
But you do it anyway
And when he had that time
When he knew what he wanted to
He quickly placed his order
Though he never thought he'd pay
But the lines turned to lies
And the lies turned to tangles
And you're pale as a cadaver
Though you think it doesn't show
So you live with the lies
And the friends that it gathers
But somewhere in your heart you know you
Got to let it
Got to let
