We never fear the night
We bring our own starlight
Dropped on the world below
Wait for the afterglow

We never fear the night
We bring our own starlight
Dropped on the world below
Wait for the afterglow

And in the dark they wed
We're dancing with the dead
And if the ground's been stained
Colors run in the rain

Run away, no delay
Do we have to show you?
Don't expect mercy yet
We don't even know you

Hear the press, nothing less
Saying that we don't care
Understand, it's the land
And you'd have to be there

We never contemplate
We only offer fate
And in the night they arc
Flowering in the dark

Filling the sky with red
Till all their needs are fed
Then like a childhood tear
They quickly disappear

Run away, no delay
Do we have to show you?
Don't expect mercy yet
We don't even know you

Hear the press, nothing less
Saying that we don't care

Understand, it's the land
And you'd have to be there

Run away, no delay
Do we have to show you?
Don't expect mercy yet
We don't even know you

Hear the press, nothing less
Saying that we don't care
Understand, it's the land
And you'd have to be there
