Hey you, she's gonna get you
If you go walking by, this corner slow
Don't think she's gonna let you leave
Just because you want to go

Boy you, ain't seen nothing yet
It's a long train of regret
Puppets get, no second chance
Pull that string they gotta dance

Parallel addiction is
A double crucifixion
When you're always out there
Feedin' your head

Always channel surfing 'cause
Your brain it isn't working
When you're looking for
That moment just remember

Don't look, don't stray
Don't talk it over
No time, no way
Listen to me, I'm cold sober
You're just out there
Taunting cobras

Hey you, who's gonna warn you?
When it's something, you don't want to know
Don't think, it won't deform you
Twist your mind then let it go

Boy you, ain't seen nothing yet
It's a long train of regret
Puppets get, no second chance
Pull that string they gotta dance

Welcome to the prison
Let me tell ya, what you're missin'
I've been coming here
For nearly a year

Out there was my corner
'Til I came in for a water
Mixed with whiskey
And a chaser of sideways glances

Don't look, don't stray
Don't talk it over, no
No time, no way
Listen to me, I'm cold sober
You're just out there
Taunting cobras

Don't look, don't stray
Don't talk it over
No time, no way
Listen to me, I'm cold sober
You're just out there
Taunting cobras
