When you ask for war
It's more than you should even get
Get ready for the pain
Get ready for the pain

Did you all bring hate?
Can you motherfuckers sing?
It's too late!
It's too late!

(Chorus)
With the progress of deception
Stay away from the real world
Never mind my rejection
Stay away from the real world

It's a sorry ass paper cut
You know that's not metal
Can you even hear the rabble?

Stay in your bubble
We've seen it all
Your just another one

(Chorus)
With the progress of deception
Stay away from the real world
Never mind my rejection
Stay away from the real world

With the progress of deception
Stay away from the real world
Never mind my rejection
Stay away from the real world

OWWWWWWWW!

solo

(Chorus)
With the progress of deception

Stay away from the real world
Never mind my rejection
Stay away from the real world

With the progress of deception
Stay away from the real world
Never mind my rejection
Stay away from the real world
