Baby listen to me  
I've got something to say  
I have finally realized  
That I'm wasting my life away  
You've made so many promises  
That's all you ever do  
So now tonight I'm leaving  
And I won't come back to you  
Well, it doesn't really matter  
What you have to say  
Cuz' you know it won't bring us back  
Won't bring back yesterday

Cuz' I'm not crying for you  
No, no, no  
I'm not crying for you tonight  
So please listen when I say  
That there's no way that I will stay  
And know that  
I'm not crying for you

Should've known that  
Things would have turned out this way  
Should've listened  
To all the things my friends would say  
How could you say you loved me?  
Well, I know that wasn't true  
You were never thinking of me  
Cuz' you were too much in love with you

Well, it doesn't really matter  
What you have to say  
Cuz' you know it won't bring us back  
Won't bring back yesterday

Cuz' I'm not crying for you  
No, no, no  
I'm not crying for you tonight  
So please listen when I say  
That there's no way that I will stay  
And know that

I'm not crying for you

Making empty promises is all you do  
You say that you will change  
But it's just not true  
So please listen when I say  
That I must find a better way  
There's no need for me to stay  
Here with you another day  
So just stop all of the lyin'  
Cuz' tonight I won't be cryin' for you  
No, no, no

And I'm not crying for you  
No, no, no  
I'm not crying for you tonight  
So please listen when I say  
That there's no way that I will stay  
And know that  
I'm not crying for you
