there's no joy without the pain
it's the pain that makes us strong
but sometimes it's just so hard to carry on
when you said that you don't care
when you said that you'd be there
well i wonder just how did things go so wrong
with everything we've had
and you know it's just so sad
but who's to blame

so who are you
i thought i knew
i guess i was mistaken
so say goodbye
don't tell me why
i guess i was mistaken

i know i can't run to you again
cuz you would only run away
i guess there's nothing i can do to make you stay
you said that you would never leave
a lie you told and i believed
and now you wanna go and throw this all away
so what is happening here
it's exactly as i feared
your just the same

so who are you
i thought i knew
i guess i was mistaken
so say goodbye
don't tell me why
i guess i was mistaken

as i blame myself again
wondering what i did
you tell me that you still might care for me
you say you're just confused
but thats really no excuse
you don't get sympathy cuz
i don't need this mind trip

i must be myself
must free myself from you
and all you put me through

so who are you
i thought i knew
i guess i was mistaken
so say goodbye
don't tell me why
i guess i was mistaken
cuz i only wanted you
