You just can't seem to understand
The reason why I am gone
That was the last time that you make me
The little one you step on

I've had it up to here
The end is drawing near
I'm leaving you my dear

Can't you see?
You can't break me
I'm not the same as I used to be
I've overcome the misery
And I will be the person that I want to be

And somewhere out there
Lies a person who is stronger than this world
I'm not suffering
I'm not helpless

And I'm not your little girl
So listen if you can
And try and understand
'Cuz I need a better man

Can't you see?
You can't break me
I'm not the same as I used to be
I've overcome the misery
And I will be the person that I want to be

I know you're not the one to change
I'd rather leave you standing
Than try to rearrange
I'll only turn and walk away

Accept responsibility for what you see
'Cuz it's time you see
That I'm not the same

Can't you see?
You can't break me

I'm not the same as I used to be
I've overcome the misery
And I will be the person that I want to be

Why can't you see?
