Perfect and endless lies
Just let me go... get me out of this mess
Stay awake and hear your cries.
I'll sleep alone here without you tonight

It's complicated holding on to us
I'm pressing on but feeling powerless

Don't you tell the truth
Cause I don't wanna hear about the fucked up things
you do
Don't you tell the truth
I'm better off not to think about you

Woke up without your smile
I know you've gone... and you left me last night
Can't give up what you said
I took it to heart now I'm dying instead

It's complicated holding on to us
I'm pressing on but feeling powerless

Don't you tell the truth
Cause I don't wanna hear about the fucked up things
you do
Don't you tell the truth
I'm better off not to think about you

So what's in the future?
You know what the time will bring
Keep your composure
Your anticipation sings out

I can't buy luck...
I won't give up...

Don't you tell the truth
Cause I don't wanna hear about the fucked up things
you do
Don't you tell the truth
I'm better off not to think about you
