Where do we go from here?  
Together for seven years  
Pull a polaroid from the lawn  
You in your red dress before it was torn

Was it all a waste of time  
What if we never met that night  
Would you be the same inside?  
I wanna make it work  
I wanna get it right  
Yeah!

Criss-crossed power lines  
Strung over the billboard sky  
Ocean's burned to dust  
And shadows from bombs above

Is it all a waste of time  
We are born, we give in, and then we die  
Think of all the ways we've tried  
We want to make it work  
We want to get it right  
Yeah!  
Yeah!

What if we never met that night?  
Would you be the same inside?  
When you think of it  
Do you start to cry?  
You want to make it work  
You want to get it right  
Yeah

Is it all a waste of time  
We are born we give in and we die  
Think of all the ways we try  
We want to make it work  
We want to get it right  
Yeah!
