Life leaks from you fingertips
onto sparkling pavement
havent heard the news you stumble stuttering
confused

Helicopters line the sky
marching men are rolling by
babies in their baskets blankly stare through space
hey hey

Ever since i first saw you
standing in the black frozen night
Ive been blind
but im driving in the dark towards you
not stopping till i catch the sunlight
In my eyes

Sirens sing over the streets
Chimpanzees are on TV
everybody's working waiting for the week
to end

Ever since i first saw you

standing in the black frozen night
Ive been blind
but im driving in the dark towards you
not stopping till i catch the sunlight
In my eyes
and nothing's left to hide

Ever since I first saw you
standing in the black frozen night
ive been blind
im running out of time

Ever since i first saw you
standing in the black frozen night
Ive been blind
but im driving in the dark towards you
not stopping till i catch the sunlight
In my eyes

and nothings left to hide
oh oh
