You say I won't forget what you said to me.
I won't forget you left,
Begging please don't leave.
I want to know
What in the world has happened to you?
It's time to learn to let it all go.

So you're forsaken cast aside and alone,
Those haunted voices in your head are all ghosts,
So long ago,
Their sideways eyes cut through what you know,
Now it's time to let it all go.

You know that I love you,
And I can't stand living without you,
But I don't know what now I can do,
Oh no no,
You gotta do something,
Because you can't just keep it inside you,
It's killing me and killing you.

Please save yourself,
I'd like to help,
But you won't let me through,
It's time to learn to let it all go.

You know that I love you,
And I can't stand living without you,
But I don't know what now I can do,
Oh no no,
You gotta do something,
'Cause you can't just keep it inside you,
It's killing me and killing you.
