wandering  
stumbling  
in and out and around  
pace quickening  
this seems so familiar  
another chance could make this right  
there's no other way to know  
i'm so lost without you  
i can't keep my head above the water  
there's no love in fear

faltering  
circling  
its over, i'm out, don't look back  
i'm serious  
this seems so familiar  
i know that you can never change  
the things you say  
the games that you play

i'm so fucked without you  
you just hold my head below the water  
there's nothing left here

i will hurt you  
i can break you  
hold my hand, i swear i'll break you  
i i can hurt you  
i will break you  
walk in circles, i will own you

break free, i will let you drown  
you'll see, i will let you down  
tell me you don't want something sound  
waiting for you to come around

higher ground, sought to find  
deviate from body and mind  
free of this  
cleansed and true  
free of this fucking world

with or without you
