Take a look at what we've got
You say it's good, I'm not saying it's not
Could it be that we don't see
How much better this could be

Take a look at where we are
Trying to earn that shiny star
All we know is what we're shown
It doesn't mean it's set in stone (stone)

[Chorus]
Just because that's the way it's always been
Doesn't mean that's the way this has to stay
Take a chance on this, take a leap of faith
Even if it's hard to make a change
I know you're strong and you will be brave
Show the way, don't be afraid
Be okay, we'll be okay

Take a look how far we've come
The road was rough and sometimes long
Each mistake helps us learn
We don't have to crash and burn (burn)

[Chorus]

[Interlude]

[Chorus (Repeat)]
