Conceived was I from chaos and hate
Of malice, deceit and blood
And how would they know my fate is to rise
Against the Asa gods

My being is full, full of a rage
An evil that can't be tamed
It darkens my soul and blackens the blood
A fire that fills my veins

So how did I ever end up here?
Humiliated, broken and weak
I've waited for a thousand years
To break these chains apart
And to finally break myself free

I bit the hand off the mighty Tyr
When I couldn't tare my ties
Now banished, I dwell a sword in my jaw
Awaiting the end of time

In darkness I drown consumed by my hate
Longing for revenge
All father will pay for his deceit
At the battle of RagnarÅk

A beast am I, so vicious and grim
They fear my mean, grinning teeth
I bide my time, my sweet revenge
Soon my ties will fall and finally I will by free

So when you hear me howling
You'll know that I have come for you
When you hear me call your name
Your life will end in nameless pain

Conceived was I from chaos and hate
Of malice, deceit and blood
And how would they know my fate is to rise
Against the Asa gods

My being is full, full of a rage

An evil that can't be tamed
It darkens my soul and blackens the blood
A fire that fills my veins

A beast am I, so vicious and grim
They fear my mean, grinning teeth
I bide my time, my sweet revenge
Soon my ties will fall and finally I will be
Finally break myself, finally I will be free
