Yeahrrgh!!!
Blood red bows plough the waves
The dragon heads grin
Twenty ships with Norsemen braves
Riding the northern wind
They left their shores at early dawn
As a red sun was rising in the east
An ancient sign of coming storm
Thunder of sword and shield
Sails appear in the south
Now every man prepare
The sea will be colored by blood
Battle is drawing near
A mighty fleet of forty ships
Two kings bring lethal steel
No words spoken between enemies
Just thunder of sword and shield
A rain of arrows darkens the sun
A cloud of wood and steel
Through shields and flesh the arrows run
Bringing warriors to their knees
A war-cry loud as heimdall's horn
Fills the vibrating air
This is the place heroes are born
And where death is always near
Here it comes, the mighty storm
Every man attacks
Now is when heroes are born
There is no turning back
