Bastards of a lying breed  
You've ruled us for too long  
Truth to you are lies to me  
And your right is so wrong

Moral preached by immortal fucks  
All I feel is despise  
Lie no more you fucking cunts  
You tear me up inside

Your sons die from your abuse  
But you're giving us the blame  
The easy path's the one you choose  
That road will lead to pain

You're trying to control their mind  
And strip them of free will  
The way you force them to go blind  
Will surely get them killed, get them killed

My mind is free and so is my soul  
You can't put me in chains  
I won't play the well-adjusted role  
Or bow my head in shame

So throw your stone of guilt at me  
Point your finger, curse my name  
Your scapegoat, I will never be  
I won't take the blame

Now we're on trial to serve your crime  
And pay for your mistakes  
There is no way we'll do the time  
The chains of lies will brake

Censorship can't stop our truth  
We speak straight from the heart  
There is nothing you can do  
We'll tear your souls apart, apart

Censorship can't stop our truth  
We speak straight from our hearts

There is nothing you can do  
We'll tear your souls apart, apart

So see us rise we're few but strong  
We'll crack your fucking teeth  
And feed you with your twisted tongue  
Until you cannot breathe

The fury makes our eyes see red  
It burns within our hearts  
Soon you'll all be stone cold dead  
We'll tear your souls apart
