The wait is soon at end
Always charge never bend
Morning is here, make your stand
Live for honor, glory, death in fire!

Total war is here
Face it without fear
Age of sword, age of spear
Fight for honor, glory, death in fire!

See the fire rise
Flames are raging high
Soon all will burn and die
Burn for honor, glory, death in fire!

Storm of lethal flames
Only death remains
Ragnar Lodbrok is closing in
Die for honor, glory, death in fire!

Forces of chaos is on the move
Everyone, choose your side
And know the end is coming soon

The day for all to die

The day is here when Bifrost breaks
Nor sun or moon will rise
When the dead rise from their graves
and Surtur spreads his fire

All you know will wither away
And sink into the sea
A new world will be born one day
Where everyone is free

[Lead Sderberg]

Total war is here, face it without fear
Age of sword, age of spear
Fight for honor, glory, death in fire!

Storm of lethal flames
Only death remains - Ragnar'k is our fate
Die for honor, die for glory
Die, death in fire!
