I'm out of breath  
And all my muscles ache  
It feels like spikes  
With every step I take

My heart beats  
It's about to burst  
This day my luck  
Turned to the worse

There's nowhere to run  
Darkness is closing in  
I don't fear the setting sun  
Or the twilight that it brings  
Dark clouds fill the sky  
My fate is close at hand  
Today is the day that I die  
Today I make my final stand

I fought so hard  
For taste of victory  
The war is lost  
But I refuse to kneel

I can't go back now  
There is no retreat  
I will fight hard for  
All that I believe

I'm out of breath  
And all my muscles ache  
It feels like spikes  
With every step I take

I can't go back now  
There is no retreat  
I will fight 'til death  
I make my final charge

I, make my final charge  
I; have no fear in heart  
I will no longer run

I, do not fear the dark

There's nowhere to run  
Darkness is closing in  
I don't fear the setting sun  
Or the twilight that it brings  
Dark clouds fill the sky  
My fate is close at hand  
Today is the day that I die  
Today I make my final stand
