Hold on baby
I can't stand this pain
Im so scared to fly without you
But im touching down again
And it's been so long baby
Since i saw your face
And i pretend it doesnt't matter
Just one thing i can't replace

But it's alright
I will live through this again
And i never said i love you
I hope you know that's what i meant
Cause you're on my mind again

Hold on baby
Is it cold there where you are
Andi know you say you bleed for me but i have all the
scars
So long baby it was good but now it's gone
So much i mean to say to you
And it always comes out wrong

But it's alright
I will live through this again
And i never said i love you
I hope you know that's what i meant
Cause you're on my mind again

But it's alright
I will live through this again
And i never said i love you
I hope you know that's what i meant

Cause it's alright
I will live through this again
And i never said i love you
I hope you know that's what i meant
Cause you're on my mind again
