Under the stars I feel so far away
Closer to you is where I wanna be
Missing you as far as I can see
Just I'm longing (longing longing...)

I see your face in a crowded scene
I see your face in everything
No matter what form you seem to take
Still I'm longing (longing longing...)

Over and over I Â– I remind myself
Every time you show me how you feel
Every time you tell me this is real
There's no way that I could ever keep this a secret
You're amazing (you're amazing)

Every day I fall in need
Deeper with you is where I keep
Keep all the promises I couldn't keep
But I want to (want to want to...)

Over and over I Â– I remind myself
Every time you show me how you feel
Every time you tell me this is real
There's no way that I could ever keep this a secret
You're amazing (you're amazing)

I can see, my eyes are wide open
'Cause I don't wanna ever miss a moment
I will never go another day without saying
You're amazing (you're amazing)

Yea, you've changed my life around
When I couldn't change it
You lift me up when I was down
I'm just saying (you're amazing)

Tell me how you feel
Tell me this is real
There's no way that I could ever keep this a secret
You're amazing, amazing

I can see, my eyes are wide open
'Cause I don't wanna ever miss a moment
I will never go another day without saying
You're amazing (you're amazing)

Amazing, amazing...
