I've been calling and calling for you  
But you answer and I shut my mouth  
I've been searching and seaching for you  
But myself I don't want to be found

You say I am  
You say Let go  
You say Believe  
But it's not that easy for me  
You say Wait  
You say Right now don't you see you're already one  
foot in the ground  
You say

I've been wicked and wild and wrong  
And I've wondered the price of my shame  
I've been hiding my face for so long  
It's a wonder that you know my name

You say Come home  
You say I'm here  
You say There's some things you just can't control  
You say Let me  
You say Believe  
Why do you search for the answers you already know?  
You say I am the way and the light and the truth  
Don't be misled by the flight of your youth  
Have faith in the things you can't see to believe  
What if you had faith in me?  
You say Rest here  
This is your home  
Don't you see that you knew I was here all along  
You say
