Sometimes It's not too hard to understand
When your heart is in your hand
Depends on where you land

The road we walk along sometimes defeats us
It don't always lead us
Forever we may roam

It's time for us to go
We don't always travel down the right road
But when I'm in need
Yeah I'll think of you constantly
It's time to say goodbye
But that don't mean that we're that far apart, yeah
When I'm in need
Yeah I'll think of you constantly
Constantly I try

Bloodshot eyes, fighting to keep them closed at night
Oh but that's alright, I'm gonna be fine
Now all I need is time to relax and unwind
Yeah a quiet place o clear my mind

Oh it's time for us to go
We don't always travel down the right road
But when I'm in need
Yeah I'll think of you constantly
It's time to say goodbye
But that don't mean that we're that far apart, yeah
When I'm in need
Yeah I'll think of you constantly
Constantly I try

Oh I know that I can't see much of the future
Whether to leave, or if I die or what goes on

Yeah it's time for us to go
We don't always travel down the right road
But when I'm in need
Yeah I'll think of you constantly
It's time to say goodbye

But that don't mean that we're that far aá¹—art, yeah
When I'm in need
Yeah I'll think of you constantly
Constantly I try
