You're contagious
Get under my skin
Tattoo my heart black again

Contagious
Now its in my veins
Give me something to kill this pain

There never was a cure for this
Trying to stand and swallow pills
Something to numb the brain, something to kill the pain
This drug is causing my such a beautiful misery
Your contagious get under my skin
Tattoo my heart black again

Contagious
Now its in my veins
Give me something to kill this pain

So gracious
With your desires you gave
Tie me up and bite your slave
Your burning love and lust
You're contagious

First you bite then I bleed, when you sink your teeth
in me
See from me when your hungry
Believe me
I'm surrendering

This drug is causing me such a beautiful misery

You're contagious
Tattoo my heart black again
Contagious
Now its in my veins
Give me something to kill this pain

So gracious
With your desires you gave
Tie me up and bite your slave

Your burning love and lust
Ooh
You're contagious
The cry, the bite, the sting
You bite and I bleed

You're contagious
Get under my skin
Tattoo my heart black again
Contagious
Now its in my veins
Give me something to kill this pain
So gracious
With your desires you gave
Tie me up and bite your slave
Your burning love and lust
Ooh
You're contagious
The cry, the bite, the sting
You're contagious
The cry, the bite, the sting
Yeah yeah
You're contagious
