Love me not,
Love me do.
Whatever you want,
It's your right to choose.
Breaking the silence in the haste of the day.
Screamin' out loud just to hear me say,

I need you,
Like the sun needs the rain.
Can't think of any better way to say I need you.
Say you need me too.
Who needs you?
Baby, I need you.

Can't chase this dream if I don't know what you mean.
Cause we're worlds apart,
We can't change who we are.
So let's all break the silence in the haste of the day.
Scream out loud, let me hear you say,

I need you,
Like the sun needs the rain.
Can't think of any better way to say I need you.

Say you need me too.
Who needs you?
Baby, I need you.

Oh, woah, woah, oh, oh, woah.

I've been giving a little bit more.
I keep giving a little bit more.
A little bit more is all I can view.
Who needs of you?
I need you.

I need you,
Like the sun needs the rain.
Can't think of any better way to say I need you.
Say you need me too.
Who needs who?
I need...

I need you,
Like the sun needs the rain.
Can't think of a better way to say I need you.
Say you need me too.
Who needs who?
Baby, I need you.
I need you.
