I'm in love  
I'm in, I'm, I'm in I'm in love  
I think I'm in love  
I'm in, I'm in love  
I'm in, I'm in love

He's been waiting here a 1000 years  
Until I came along and he left  
He said he could never be with me  
'Cause time will never change what he is

And we never kiss  
Because he can't resist temptation  
But who can turn away  
From a chance to taste salvation?

He's got a heart made out of stone  
He says I'm better off alone  
(I'm better off)  
But my one desire is to feel that fire, oh  
I'm in love with a vampire  
(I'm in, I'm, I'm in, I'm in love)

When I sleep I dream of golden eyes  
And skin that's colder than ice  
When I wake he takes me by surprise  
'Cause he's been watching me all night

Each day I pray for rain  
So I don't feel the pain of waiting  
And when he's gone  
I feel like everything that's real is fading

He's got a heart made out of stone  
He says I'm better off alone  
(I'm better off)  
But my one desire is to feel that fire, oh  
I'm in love with a vampire  
(Oh, ooh woah)

And if he could read

My mind he'd see  
How much I want to change  
I hold my breath until the day  
There's nothing in my veins

He's got a heart made out of stone  
He says I'm better off alone  
(I'm better off)  
But my one desire is to feel that fire, oh, oh

He's everything I want to be  
And I can feel him changing me  
But my one desire is to feel that fire, oh  
I'm in love with a vampire
