

Saving Abel "Me and You"

Visit "[Me and You](#)" on MotoLyrics.com

When it all comes down to me and you
We're all hiding a little lie under the truth
Maybe we should take our time, there's nothing to
lose
Cause it all comes down to me and you

Before I let you know know know
I will never let you go go go
Thinkin' you have loved any time, any place
anymore
I guess I should've learned learned learned
I could've got burned burned burned
Kinda feels like I've been here before

When it all comes down to me and you
We're all hiding a little lie under the truth
Maybe we should take our time, there's nothing to
lose
Cause it all comes down to me and you

It's just another kiss goodbye
Just another reason why
Can't run every time everyone says
everything's gone wrong
Cause I won't let you get away
I won't let your arms down me
No use pretendin' anymore

Baby, when it all comes down to me and you
We're all hiding a little lie under the truth
Maybe we should take our time, there's nothing to
lose
Cause it all comes down to me and you

When life is hard, when life is hard
And we can't miss all, we can't miss all

When it all comes down to me and you, yea

When it all comes down to me and you
We're all hiding a little lie under the truth
Maybe we should take our time, there's nothing to

lose
â€˜Cause it all comes down.

Baby, when it all comes down to me and you
Weâ€™re all hiding a little lie under the truth
Maybe we should take our time, thereâ€™s nothing to
lose
â€˜Cause it all comes down to me and you
