I've been watching you and your intentions too
Get me out on the floor
Undress me with your eyes to see a sweet surprise
I know I've been here before

You think I'm running across the room
Just to be by your side, yeah, no
You gotta another thing coming 'cause I'm not running
Just to wait and stand next in line

Let me introduce you to miss
Miss almost made it, miss understood
Miss always jaded, miss up to no good
Miss never gonna make it
Miss don't know how to take it

You ain't my made in Mississippi
Moonshine kinda whiskey, yeah, oh

What are you gonna do? Miss can't get you know who
When you end up on your own
Undress me with your eyes, it ain't no big surprise
Last call, you're drinking alone
You think I'm running across the room
Just to be by your side, yeah, uh
You gotta another thing coming 'cause I'm not running
Just to wait and stand next in line

Let me introduce you to miss
Miss almost made it, miss understood
Miss always jaded, miss up to no good
Miss never gonna make it
Miss don't know how to take it

You ain't my made in Mississippi
Moonshine kinda whiskey, yeah, oh

You think you've got it so good
Little miss leading, little miss would if you could
Mmm, just another little miss wannabe
If you don't know her

Let me introduce you to miss
Miss almost made it, miss understood
Miss always jaded, miss up to no good
Miss never gonna make it
Miss don't know how to take it

You ain't my made in Mississippi
Moonshine kinda whiskey, yeah, oh
