Give me one good reason (reason...)
'Cause I don't wanna lay to waste away this feelin'
I don't wanna lay to waste
Breezy air, is it coming?
All you need is a simple reminder that we're just fallin'
Heading straight for the bottom
(Heading straight for the bottom)

Fighting 'til the end
My catastrophe's breaking at the bend
I'm like a tragedy
The world falls down
Burns around me, I'm choking on the air
I need to breathe
My catastrophe

Should I spend my time
Praying for another, heroes never come
(Waiting on a miracle)
It's not always easy to pretend
When you're falling from the sky
And you've found yourself again
(Straight for the bottom)

Fighting 'til the end
My catastrophe's breaking at the bend
I'm like a tragedy
The world falls down
Burns around me, I'm choking on the air
I need to breathe
My catastrophe
My catastrophe (My catastrophe)

Salvation only runs (to the caller)
Redemption only comes
When you're falling down

Fighting 'til the end
My catastrophe's breaking at the bend
I'm like a tragedy
The world falls down

Burns around me, I'm choking on the air
I need to breathe
My catastrophe
