Break away, break free, it used to be me
To carry all the drama around
But some bitter packer too sips out of you
And I can't believe what I've found (I can't believe what I've found)

~Cause it's just like you to find someone who
Follows you around
But he don't know she's gonna kill him slow
Add another to your body count

She's got him wrapped around her finger
Who's her new loser?
Just watch your back ~cause she's a killer
Why would anybody choose her?
Who's her new loser?

Pull the wool up over my eyes, I can't believe
I'm so surprised
To see you've already moved on
But who am I kidding? I'm forgetting, lesson
forgiven
She doesn't know her right from her own

~Cause it's just like you to find someone who
Follows you around
But he don't know she's gonna kill him slow
Add another to your body count

She's got him wrapped around her finger
Who's her new loser?
Just watch your back ~cause she's a killer
Why would anybody choose her?
Who's her new loser?

Will you whip him with your sex and send him daytime
dirty texts?
And your lips get on his neck
Why would anybody choose her?
Who's her new loser?

She's got him wrapped around her finger

Whoâ€™s her new loser?
Just watch your back â€˜cause sheâ€™s a killer
Whoâ€™s her new loser?

Sheâ€™s got him wrapped around her finger
Whoâ€™s her new loser?
Just watch your back â€˜cause sheâ€™s a killer
Why would anybody choose her?
Whoâ€™s her new loser?
