She dries her tears by candle light
She seems to be here every night
She's just that great
Yea, she'll be ok, she's alright
Picking up the pieces of her broken heart
Wonderin' if the love was ever worth it all
Picking up the pieces of her broken heart

She kneels down when she talks to Jesus
She sings loud when she's tryna please us
Roaring through the crowd, picking up the pieces and
smoking pot
Not much left, she hangs on the stage
But she sings loud for us anyway
She's got a thousand reasons but only one keeps
her from leaving

But tonight she's picking up the pieces of her
broken heart
Pick another tune with her old guitar
Wonderin' if the love was ever worth it all
She asks why-y-y her sun never shines?
In the dark, picking up the pieces of her broken heart

She's got pictures of Elvis on her wall
She says rock n' roll is gonna save us all
She's just that way
Think she learned her lesson all too well
But checkin' in her heartbreak hotel
She'll be alright

She's alright, picking up the pieces of her broken
heart
Pick another tune with her old guitar
Wonderin' if the love was ever worth it all
She asks why-y-y her sun never shines?
In the dark, picking up the pieces of her broken heart,
broken heart

She's alright, picking up the pieces of her broken
heart
Pick another tune with her old guitar

Wonderin'™ if the love was ever worth it all
She asks why-y-y her sun never shines?
In the dark, picking up the pieces of her broken heart,
broken heart
