I hope you don?t mind me saying
I think you?re so lovely
I hope you don?t mind me staying
Cause I might never leave
We could rewind to nothing
And start at the beginning
Don?t forget to breathe

[Chorus:]

Baby, I don?t have much
But I?ve got more than enough to keep you
Isn?t it nice to touch
Something solid you can cling to?
Baby, I promise you this
You don?t know just what you?re missing
I?ve got everything you?re wanting
Maybe we could sleep on it tonight.

I didn?t mean to alarm you
Subtlety?s my weakness
Give me a minute to charm you
And you?ll know what I mean
Maybe I didn?t mention
You won?t regret my attention
I?ve got tricks you?ve never seen

[Chorus]

[Bridge:]

Now that it?s all out on the table,
Come and get it
You better love me while you?re able

[Chorus x2]
