Everything I said, everything I did  
Will I ever get the chance to take it back?  
Take it back  
I close my eyes and I can see you like it's yesterday  
But everything has changed  
I realize I tried to find so many things to take your place  
But it's not the same  
But you're gone  
Just like the night that never sees the dawn

If I could take it back  
Everything I said, everything I did  
I'd put it in the past  
And bury it away  
But it's too late for that  
Everything I said, everything I did  
It's only in your hands (It's only in your hands)  
Will I ever get the chance to take it back?

I miss that life  
I always thought somehow it'd never end  
But that was then  
And now I'm empty, I'm hollow  
I choke on what I swallow  
And I swear that

If I could take it back  
Everything I said, everything I did  
I'd put it in the past  
And bury it away  
But it's too late for that  
Everything I said, everything I did  
It's only in your hands (It's only in your hands)  
Will I ever get the chance to take it back?

Yea, yea  
Yea, yea  
Yea, yea

But you're gone  
Just like the night that never sees the dawn

If I could take it back  
I'd put it in the past  
You'd never get away  
But it's too late for that  
Everything I said, everything I did  
It's only in your hands (It's only in your hands)  
Will I ever get the chance to take it back?  
Will I ever get the chance to take it back?  
Take it back

If I could take it back  
Everything I said, everything I did  
I'd put it in the past
