I never really did have a reason,
I never really did take the time.
Well all the windows were closed,
But my eyes were open, yeah
And just in time.

For you, I would tear myself in two
If it only made me, believe in you.
Start to ease when ripping paper
For you, I would tear myself in two

I've written down all the strangled thoughts
As you lie alone awake in my bed, I haven't slept
Well all the doors were closed but I was wide awake,
Just in time.

For you, I would tear myself in two,
If it only made me, believe in you.
Start to ease when ripping paper.
For you, I would tear myself in two.

And someday when things are much better
Just like you somewhat promised me, yeah
Find the essence for the answer
It's in the love that will always be.

And someday when things are much better
Just like you somewhat promised me, yeah
Don't know why you don't know the answer
It's in the love that will always be

Oh for you, I would tear myself in two
Oh for you, I would tear myself in two
Oh for you, I would tear myself in two

With no thought or hesitation.
