Last time i said it was the last time
Oh those last times i felt the worst was through
But this time the cut a little deeper
Oh yeah this time the pain is all brand new
Well it's a long way too fall
When your standing on the top
And it's a bad way too feel
When you know it's gonna stop
So go on and take me
Go on and break me baby
Go on and use me
Just don't confuse me anymore

This time i swear that it's the last time
Ohh yeah cause this time the tables gonna turn
Cause this time i know it's not the real thing
Oh yeah this time the lesson has been learned
But i just can't say no when you look at me that way
And i wanna believe every entire word you sing

So go on and take me
Go on and break me baby
Go on and use me
Just don't confuse me anymore

Let me be the only one you ever wanted
Cant you see that im the only on whos got it
Let me be the only one you ever wanted
Cant you see that im the only one whos got it on ohhh
ohhhhh ohh

So go on and take me
Go on and break me baby
Go on and use me
Just don't confuse me anymore

[this time is not the]
Just don't confuse me anymore
[this time is not the]
Just don't confuse me anymore
