When the sun goes down and the lights all fade
And there's no one else around
To try and take you away
Cuz I don't want to worry when I'm gone
And I don't want to worry when you're alone

So I'll keep my eyes wide open
When you sleep
And when you close your eyes
Keep missing me
But girl why can't you just behave
Don't you know all good things
Come to those who wait

When the lights go out and you start to fade
It seems you never seemed to care if I was too far away
Now I don't want to worry when I'm gone
And I don't want to worry when you're alone

So I'll keep my eyes wide open
When you sleep
And when you close your eyes
Keep missing me
But why can't you just behave
Cuz all good things come to those who wait

So I'll keep my eyes wide open
When you sleep
And when you close your eyes
Keep missing me
But why can't you just behave
Cuz all good things come to those who wait

Those who wait
