It's too late to say you're sorry
You've been gone from here too long
I hope you found what you were missing
Cause I don't miss you here at all

And it's too bad that I'm not crying for you baby,
Don't be sad, cause I've been fine without you lately

I'm saving my breath
I'm saving my tears
I'm saving my life for something
Better than these years
I've lost too much time
Crying over you
Don't look so surprised that I've
Got better things to do
Who's cryin now?

There's so many nights I wasted
I was waiting for your call
Did you think I'd wait forever?
I guess you don't know me at all

And I told you if you left you would regret it
Thinking I would take you back, but you don't get it

There's something you should know
I finally let you go
It had to end somehow
Tell me who's cryin now
