I'm surrounded by despicable culture  
It influences everything I do  
I'm surrounded by cynical vultures  
Who pick at the pieces of everything I do  
Everything  
Everything  
Everything  
Everything

Need to go to the Temple to ask a few questions  
To question everything I do  
Context is cloudy, this darkness it dulls me  
It confuses everything I do  
Everything  
Everything  
Everything  
Everything

Come down here  
Be my Mentor  
Won't you influence  
The things I do  
Step down here  
Be my Mentor  
I want your  
Influence I do

Come down here  
Be my Mentor  
Won't you influence  
The things I do  
Step down here  
Be my Mentor  
I want your  
Influence I do

If the people fear moralising  
Then how else to fill this vacuous space  
Within my heart a Sun is rising  
And it distracts me from my disgrace  
In everything

Everything  
Everything  
Everything

Come down here  
Be my Mentor  
Won't you influence  
The things I do  
Step down here  
Be my Mentor  
I want your  
Influence I do

Come down here  
Be my Mentor  
Won't you influence  
The things I do  
Step down here  
Be my Mentor  
I want your  
Influence I do

If darkness avoids me  
Then I know you're right  
If with honey you quench me  
Then I know you're right  
And if this vagueness disperses  
Then I know it's right  
If Winter's cold turns to Summer's bright  
Then I know you're right

Come here  
Be my Mentor  
Won't you influence  
The things I do  
Step down here  
Be my Mentor  
I want your  
Influence I do

I do  
I do  
I do  
I do  
I do
