Since I left I've been drifting through some distant  
Space  
A lonesome place  
Since I left I've been wanting to return to a deep  
Surging sea  
A place of sweet relief  
It's no masquerade come back my only wish to come  
back

Dark star

What you don't need to know you don't need to care of  
So keep me in the dark please  
'Cause I'm on a rock I'm not on a road to anywhere  
So take me back please

With no mastery contact my only wish is contact

Dark star
