Goodbye narcissus  
I'd kiss you to pieces  
But I might try to hide  
But I might break my stride  
The world is burning  
And I'm just moving  
From a place where nothing  
Nothing remains

They put me on a wheel  
A wheel of fortune  
A wheel of chance  
A wheel of fortune  
They spun it round and round  
And when it slowed down  
I found nothing  
Nothing remained

I long to leave in a world with less greed  
It'd be better for you  
Be better for me  
Who'd be a star in this age?  
Who'd be a monkey in a cage?  
At a time when nothing  
No good remains  
No good

This nihilism  
She walks towards me  
Most tranquil, beautiful maid  
She's sweeping all that comes before her  
Until face to face  
Only we remain

I need to move into the light  
I need to move in to the light  
I need to move in to the light

Setting suns  
Sons and daughters  
Abused and consumed

Sign of an age  
Goodbye youth  
Goodbye radiance  
Night has fallen  
Nothing remains  
Nothing

No good

This nihilism  
She walks towards me  
Most tranquil, black-eyed maid  
She's sweeping all that comes before her  
Until face to face  
Only we remain
