hold on baby
i cant stand this pain
im so scared to fly without you
but im touching down again
and its been so long baby
since i saw your face
and i pretend it doesnt matter
just one thing i cant replace

but its alright
i will live through this again
and i never said i love you
i hope you know thats what i meant
cause you're on my mind again

hold on baby
is it cold there where you are
andi know you say you bleed for me but i have all the
scars
so long baby it was good but now it's gone
so much i mean to say to you
and it always comes out wrong
but its alright
i will live through this again
and i never said i love you
i hope you know thats what i meant
cause you're on my mind again

but its alright
i will live through this again
and i never said i love you
i hope you know thats what i meant

cause its alright
i will live through this again
and i never said i love you
i hope you know thats what i meant
cause you're on my mind again
