Wake up in the morning and I look at myself
Finally took the picture of you off of my shelf
I was feeling sorry but I'm over it now
Can't remember why I ever was down
'Cause I feel good today
And I know that I'm on my way
And I got nothing on my mind
Everything is fine today
Driving in the car with the windows down
I think I might get out of this town
'Cause it's all about me and I do what I want
Nothing here to tie me down
Hello beautiful day
Would you come out and play
Hello beautiful world
I just want to be your girl
Maybe I'm a sinner and maybe I'm not
Whatever I give is whatever I got
And I've got love and I've got me
And those are the only two things that I need
'Cause I feel good today
And I know that I'm on my way
And I got nothing on my mind
Everything is fine today
Lying here awake with the sun in my eyes
I feel lucky just to be alive
Out of the thunder and out of the rain
All of the joy and all of the pain
Hello beautiful day
Would you come out and play
Hello beautiful world
I just want to be your girl
Hello beautiful day
Would you come out and play
Hello beautiful world
I just want to be your girl
Hello beautiful day
Would you come out and play
Hello beautiful world
I just want to be your girl
Hello beautiful day
Hello beautiful day

Hello beautiful day
Hello beautiful day
