Lipstick changes everything about a girl  
been waitin makin out my plans for you  
you've got me turnin it inside out  
and it feels like fallin

careful holding onto my heart  
I knew you were something from the start  
you've got me talkin in my sleep  
do you hear me callin  
do you hear me callin  
its not love  
its a crush  
its a momentary rush  
its not real  
its a trick  
just a temporary fix  
but its good.  
and i wish that you would  
i love every little thing you do  
lately i cant get enough of you  
you've got me swimming in myself  
and i could be sinking

i don't know if this could go anywhere  
i like you so much that i don't care  
you've got me dreaming of your face  
and i'm thinking

its not love  
its a crush  
its a momentary rush  
its not real  
its a trick  
just a temporary fix  
but its good.  
(you've crushed me)  
and i wish that you would  
(come crush me)

Lipstick changes everything about a girl

its not love

its a crush  
its a momentary rush  
its not real  
its a trick  
just a temporary fix  
its not love  
its a crush  
its a momentary rush  
its not real  
its a trick  
just a temporary fix  
but its good  
(you've crushed me)  
and i wish that you would  
(come crush me)  
its so good  
come crush me  
and i wish that would  
come crush me
