I've been calling and calling for you
But you answer and I shut my mouth
I've been searching and for you, but myself I don't want
to be found.

You say I am
You say let go
You say believe
But it's not that easy for me
You say wait
You say right now
Don't you see your already one foot at the ground
You say

I've been wicked and wild and wrong and I've
wondered the price of my shame.
I've been hiding my face for so long it's a wonder that
you know my name.

You say come home

You say I'm here
You say there's some things you just can't control.
You say let me
You say believe
Why do you search for the answers you already know?
You say

I am the way
and the light and the truth
Don't be misled by the flight of your youth.
Have faith in the things you can't see to believe.
what if you had faith in me?

You say rest here
This is your home.
Don't you see that you knew I was here all along?
You see
